

## **23th International Regatta IODA Class**

**Trofeo “Marcello Campobasso”**

**Trofeo Unicef – Coppa Kinder**

**R.Y.C.C. Savoia – Napoli**

**Current conditions:** central Mediterranean basin is still affected by a cyclonic area, which determines unstable weather conditions. In the next hours, a warm front will approach the bay of Naples, causing light rain and a decrease in wind speed.

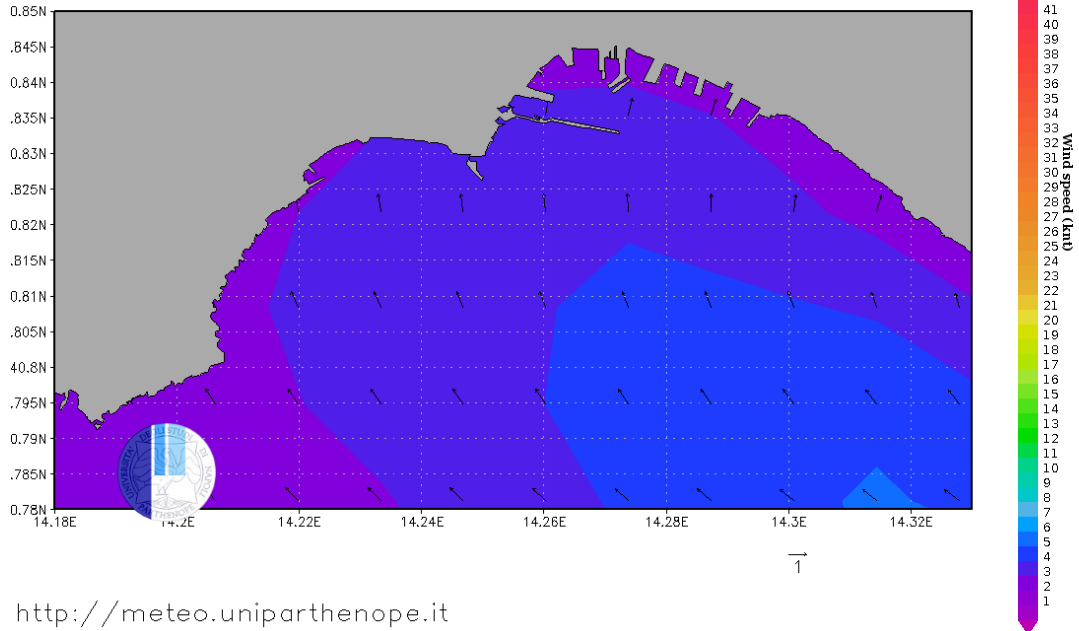

**Weather Forecast for January 5, 2016:** the race area will experience cloudy conditions in the morning, with possible rainfall. In the afternoon, an improvement in weather conditions is expected. Winds will blow initially from southeast, with an average speed of about 3-5 knots, then they'll turn from southwest. From 2:00 PM, an average speed of about 8-10 knots is expected, with gusts up to 15-17 knots. Air-temperature will oscillate between 15 and 16°C. Slight to moderate sea is expected.
